Marina Palmisano

Re: Zytel® 101F NC010

Dear Marina,

I am responding to your request regarding whether the above listed product as manufactured by DuPont Specialty Products USA, LLC contains PFAS (Per- and polyfluoroalkyl substances).

DuPont Specialty Products USA, LLC does not use PFOA or PFOS to manufacture this product nor are there any other PFAS intentionally added as ingredients in the manufacture of the above product.

Protecting human health and the environment are engrained our core values. We are committed to continuous improvement of our chemical stewardship process and to upholding the highest standards for the products and innovations we deliver to our customers. Further details on DuPont de Nemours's position and commitments related to the health and environmental concerns about PFAS please visit <https://www.dupont.com/pfas.html>.

We value your business, and we remain committed to delivering innovative and sustainable products to you today and in the future. Please feel free to contact us if additional information is needed.

The information contained in this letter is based on our current level of knowledge and covers commercial products as supplied by DuPont Specialty Products USA, LLC at the date of issue. Since conditions of use are outside our control, DuPont Specialty Products USA, LLC makes no warranties, expressed or implied, and assumes no liability in connection with any use of this information.
