Statement

We hereby declare that during manufacture of

Bexloy®

automotive engineering resin

CRASTIN®

thermoplastic polyester resin

ELVAMIDE®

polymer blend

HEROX®

monofilament

HYTREL®

thermoplastic polyester elastomer

MINLON®

mineral reinforced nylon resin

RYNITE®

thermoplastic polyester resin

SELAR® PA

barrier resin

TYNEX®

monofilament

ZYTEL®

nylon resin

VAMAC®

ethylene acrylic elastomers

no substances mentioned in

either the Stockholm Convention on Persistent Organic Pollutants (POPs) of May 2001 with amendments to Annex A, B and C adopted at the 8th of May 2009 Geneva conference,

or the Regulation (EU) 2019/1021 as amended

are added in excess of the limits set or by applicable regulations*.

* Reference is made to the European regulation EC 1272/2008 on classification, labelling and packaging of substances and mixtures (CLP), its amendments and related regulations.

To the best of our knowledge, based on information provided to us by our raw material suppliers, these substances are not present as intentional ingredients in the raw materials used in the manufacture of their products.

Celanese, Engineered Materials Product Safety.

Disclaimer/Important: This information is provided to the best of our knowledge and based on the information given by our raw material suppliers at the date hereof. It is believed accurate as the date of the document. This information relates only to the above-mentioned materials as delivered in their original packaging. It does not relate to any product made of these materials with or without the inclusion of further additives, such as processing aids or colorants. Celanese does not make any representations or warranties written, implied, or otherwise concerning the use of its products in customer applications. This information is not intended to substitute for any testing you may need to determine the suitability of this product for a particular purpose. This information should not be construed as a promise or guarantee of specific properties of the products described or their suitability for a particular application. Please note that the manufacturer or seller of parts and articles made of our Celanese Engineered Materials products has to take the full responsibility regarding applicable legal requirements. Any existing intellectual property rights must be observed. The information provided here does not cover the suitability of our Celanese Engineered Materials products for medical device applications, pharmaceutical applications, cosmetic applications, drinking water applications.
