

February 2, 2024

Dear Valued Customer:

Thank you for your interest in Mobility and Materials products. Specifically, you have inquired about the below listed product lines and the substances that are listed as Persistent, Bioaccumulative, and Toxic (PBT) Chemicals under TSCA Section 6(h), issued under the final rules in December 2020 as required under the Toxic Substances Control Act (TSCA), as amended by the Frank R. Lautenberg Chemical Safety for the 21st Century Act.

See the below link for the full list of chemicals under TSCA Section 6(h) and links to the final rules:

<https://www.epa.gov/assessing-and-managing-chemicals-under-tsca/persistent-bioaccumulative-and-toxic-pbt-chemicals-under>

Bexloy® automotive engineering resins
Crastin® thermoplastic polyester resins
Herox® filaments
Hytrel® thermoplastic polyester elastomers
MicroMax™ Electronic Inks and Pastes
Minlon® mineral reinforced nylon resins
Rynite® thermoplastic polyester resins
Selar® barrier resins
Tynex® filaments
Vamac® ethylene methylacrylate elastomers
Zytel® resins
Zytel® HTN high performance polyamide resins

Unless exceptions* are shown below, Celanese declares that the substances listed below are not intentionally added to the product lines listed above. To the best of our knowledge, these substances are not present as intentional components in the raw materials used in the manufacture of these products.

***Exceptions:**

- **None**

CAS	Chemical
1163-19-5	Decabromodiphenyl ether (DecaBDE)
68937-41-7	Phenol, isopropylated phosphate (3:1)
732-26-3	2,4,6-Tris(tert-butyl)phenol (2,4,6-TTBP)

February 2, 2024

87-68-3	Hexachlorobutadiene (HCBD)
133-49-3	Pentachlorothiophenol (PCTP)

Celanese, Engineered Materials Product Safety.

Disclaimer/Important: This information is provided to the best of our knowledge and based on the information given by our raw material suppliers at the date hereof. It is believed accurate as the date of the document. This information relates only to the above-mentioned materials as delivered in their original packaging. It does not relate to any product made of these materials with or without the inclusion of further additives, such as processing aids or colorants. Celanese does not make any representations or warranties written, implied, or otherwise concerning the use of its products in customer applications. This information is not intended to substitute for any testing you may need to determine the suitability of this product for a particular purpose. This information should not be construed as a promise or guarantee of specific properties of the products described or their suitability for a particular application. Please note that the manufacturer or seller of parts and articles made of our Celanese Engineered Materials products has to take the full responsibility regarding applicable legal requirements. Any existing intellectual property rights must be observed. The information provided here does not cover the suitability of our Celanese Engineered Materials products for medical device applications, pharmaceutical applications, cosmetic applications, drinking water applications.
